Construction & Other Policies: Moving & Delivery Guidelines; Use of Freight Elevator

The following moving and delivery guidelines have been developed to ensure a safe and efficient experience for you and your organization. Following these guidelines will expedite your delivery / move and protect the people handling the delivery / move as well as your property and the building itself. These guidelines are in no way meant to hamper or restrict your delivery / moving process, but rather to safeguard the elements involved in the process. Please let us know how we can best assist you with your delivery/ move. We would be happy to answer any questions you may have.

The Building's freight entrance is located on 36th Street between Broadway and 7th Avenue. The freight elevators are available for small deliveries Monday through Friday from the hours of 9:00 a.m. to 5:45 p.m. free of charge. If weekends, holidays, or extended service are required there will be an additional charge to the Tenant to cover overtime expenses. Please note there is a minimum of four (4) hours for weekend / holiday service.

To reserve the freight elevator for moves and deliveries after normal working hours, you must notify the [Building Management](#) Office by phone or in person and request the day and time you require. A formal request must follow via the [on-line work order system](#).

The delivery / moving contractor must provide a [Certificate of Insurance](#) prior to the arrival. The mover must be bonded and carry a minimum of \$10 million dollars combined single limit, property damage, and public liability insurance.

We require that you secure a Certificate of Insurance for your firm as well.

You and your moving contractor will be responsible for any damage to the building incurred during the move. To avoid unnecessary damage:

- Pad or otherwise protect all entrances, doorways, and walls affected by the move.
- Cover all floors traversed during the move with appropriate material. Masonite is the suggested material.
- Your moving contractor must immediately report to the Security / Concierge Desk any electrical problems or equipment breakdowns that occur during the move which may affect building operation.
- The Fire Marshall prohibits the blocking of any fire corridor, exit door, elevator, lobby, or hallway. Do not park vehicles in marked Fire Lanes.
- Please use the service elevator for all deliveries.

Construction & Other Policies: No Smoking Policy

1359 Broadway would like to remind all of our Tenants and their visitors that in compliance with NYC Law there is a strict "NO SMOKING" policy in effect throughout the entire building and entrance way loggia.

A revision to the Smoke Free Air Act, NY City Administration Code, Section 17-501 to 17-514 (effective March 30, 2003): Local Law #47/2002 prohibits smoking in all indoor areas of employment. These areas include, but are not restricted to: bathrooms, elevators, public corridors, lobbies, and fire stairs.

Kindly advise all of your employees that smoking in any indoor area is a violation of New York City Local Law #47 and therefore strictly prohibited. Violation of the Smoke Free Air Act can result in fines of up to \$1,000. Please be advised that any summons received by this building will be back charged to the Tenant involved.

We appreciate your cooperation in complying with Local Law #47.

Construction & Other Policies: Life Safety & Emergency Procedures

Bomb Threat

The purpose of bomb threat procedure is to have an orderly, safe, and rapid procedure for conducting searches, providing prompt, necessary communications, and rendering assistance in the event that an evacuation is called for by the local authorities.

In the event of a bomb threat, either through a telephone call or by other means, the following procedure should be followed:

- If a threat is received by phone, immediately call 911.
- Handle the call immediately. It is important to keep a calm voice.
- Note the telephone number or line on which the call is received.
- Obtain as much information as possible from the caller. Ask the caller to repeat the message, particularly the location of the bomb, time of detonation, etc.
- Try to attract someone's attention in the office discreetly and quietly while listening to the caller.
- Try to keep the caller talking as long as possible. Ask the person to repeat parts of the message. Remain calm.
- Write down the message using the exact words of the caller and obtain as much relevant information as possible.
- Listen for background noises that may provide a clue as to where the call is originating.
- Pay attention to the voice of the caller so that you might be able to identify it should you hear it again. Listen for accents, dialects, speech impediments, etc.
- Upon receiving a bomb threat via telephone, immediately call 911 to report the threat.
- Also report the threat to the [Building Management Office](#) at 212-244-3125 and/or Security Desk at 212-947-4894.
- Advise your Office Manager or Supervisor of the threat and meet with emergency service personnel who respond to your location.
- Building Management Office will notify the following:
 - Local Police
 - Staff
 - Tenants
- The building staff will assist the local authorities in:
 - Evacuation in part or in full
 - Search for the device
- Building Staff will maintain a close relationship at all times with the local authorities to ensure maximum protection of the occupants, the building, and themselves.
- When the alert is over, the Building Management Office shall notify all Tenants.

Elevator Malfunction

- In the event that an elevator stops with passengers in it, remember to remain calm. Pressing any emergency button within the cab will alert Building Management that the cab is malfunctioning, the cab number, and what floor it is stuck on. The Guard will continue two-way communication with passengers until help arrives.
- In the event of a power outage, the battery back-up lighting will continue to operate.
- **IN THE EVENT OF A FIRE, ELEVATORS MUST NOT BE USED FOR EVACUATION. USE THE STAIRWELLS.**

Evacuation

In the Event of an Evacuation:

- Walk quickly when directed, but do not run.
- Become acquainted with the nearest fire stairwell location.
- Do not use elevators for emergency evacuation- use stairs unless otherwise directed.
- Do not panic. Remain calm, and wait for help if necessary.
- If exposed to heat or smoke, stay low near the floor.
- Do not open doors that feel hot.
- Close all doors behind you.
- Know location of floor Fire Warden Station, fire exits, and extinguishers (in stairway).
- Do not fight a fire by yourself.
- Keep several flashlights with fresh batteries accessible for emergency use.
- Do not evacuate floor unless directed by Fire Warden, Fire Safety Director, or Fire Department Personnel.
- Do not go back for personal property for any reason.
- Always plan two (2) means of escape, should one be blocked. Consider the roof as a safe area of refuge, if nearby.
- Do not smoke while leaving floor.
- Special procedure for evacuating handicapped personnel should be arranged by the Fire Safety Director. Handicapped personnel should register their locations with the Fire Safety Director.
- Do not return to the building until advised to do so by responsible authorities.
- Do not prop fire stairwell doors open or permit doors to remain open.

Fire Safety Team and Emergency Procedures

The emergency team consists of the Fire Safety Director, Deputy Fire Safety Director, building and security staff, Fire Wardens and the Deputy Wardens (appointed by each Tenant from among their respective employees). The primary function of the Fire Wardens and Deputy Wardens is to ensure the safe and orderly evacuation of the occupants of the building in the event required by an emergency. This is accomplished by communication and the joint efforts of all members of the Emergency Team.

Fire drills are held once every six (6) months and all tenants are expected to cooperate, and learn the procedures to be followed in the event of an emergency. Tenants and their employees should familiarize themselves with all exits and fire alarm devices on their floor and should understand the fire safety plan, found below.

Any questions should be directed to the Building Management Office at 212-244-3125.

Due to the resistive quality of this high rise office building, immediate evacuation of the building is only necessary:

- from floor where fire is burning
- from floor areas one (1) story above fire floor
- when ordered to leave by Fire Safety Director, Police, or Fire Department personnel

Actions to be Taken by Anyone Discovering a Fire

Any person in the building, whenever there is evidence of fire, heat, or smoke, shall initiate the transmission of an alarm. No approval of a superior is necessary.

Alarm to be Transmitted as Follows:

- Dial 911
- Pull interior fire alarm in corridor by stairway(s)
- Call the Fire Department 212-628-2900
- Call Midtown South 212-477-7431 or Midtown North 212-760-8300

Immediately after transmitting alarm, notify the Building Management Office and Fire Warden on your floor.
BUILDING MANAGEMENT TELEPHONE NUMBER: 212-244-3125.

Fire Wardens and Deputy Wardens Duties

- The Tenant or Tenants on each floor shall, upon request of Building Management, designate responsible and dependable employees for the positions of Fire Warden and Deputy Fire Wardens.
- Each floor of a building shall be under the direction of a designated Fire Warden for the evacuation of occupants in the event of fire. The Warden will be assisted in his duties by Deputy Fire Wardens.
- Each Fire Warden and Deputy Fire Warden shall be familiar with the Fire Safety Plan, the location of exits and the location and operation of any available fire alarm system.
- In the event of fire, or fire alarm, the Fire Warden shall establish communication with the Fire Safety Director, and assist in the evacuation of the floor in accordance with the directions received from Fire Safety Director.
- Have available an updated listing of all personnel with disabilities who cannot use the stairs unaided.
- Assure that all persons on the floor are notified of the fire emergency and assist in the evacuation of all personnel. A search must be conducted in the lavatories to assure all are unoccupied. The Warden should assign other personnel to check the lavatories.

Fire Safety Emergency Team and Procedures

The emergency team consists of the Emergency Action Plan Director (EAPD), Deputy Emergency Action Plan Director (DEAPD), Fire Safety Director, Deputy Fire Safety Director, Fire Safety Wardens and the Deputy Wardens (appointed by each Tenant from among their respective employees). The primary function of the Fire Safety Wardens and Deputy Wardens is to ensure the safe and orderly evacuation of the occupants of the building in the event required by an emergency. This is accomplished by communication and the joint efforts of all members of the Emergency Team.

Fire drills are held once every six (6) months and all Tenants are expected to cooperate and learn the procedures to be followed in the event of an emergency. Tenants and their employees should familiarize themselves with the all exits and fire alarm devices on their floor and should understand the Fire Safety Plan, available upon request.

Any questions should be directed to the Building Management Office at 212-244-3125.

Due to the resistive quality of this high rise office building, immediate evacuation of the building is only necessary:

- Have available an updated listing of all personnel with disabilities who cannot use the stairs unaided.
- Assure that all persons on the floor are notified of the fire emergency and assist in the evacuation of all personnel. A search must be conducted in the lavatories to assure all are unoccupied. The Warden should assign other personnel to act as searches, as listed in the FSD/EAP Floor Chart, to check the lavatories.

Flooding

If a flood or leak should occur, Building Management should be notified immediately. While waiting for emergency personnel to respond, Tenants should safeguard and remove any valuable papers or documents from the affected area. Stay away from electrical equipment and outlets in a flooded area. DO NOT attempt to unplug or operate electrical equipment near water damaged areas. The Building Engineering Department will disconnect electricity serving a water damaged area, and will alert you when it is safe to resume operation of electrical equipment.

Medical Emergency

If an accident occurs within your office suite, please notify the Building Management Office or call the Security Desk immediately at 212-947-4894. An employee of 1359 Broadway will be dispatched to the scene of the accident and will perform the following:

- Notify the police and/or ambulance if required and if not done so already.
- Provide assistance to the injured party until emergency crew arrives.
- Complete an incident report.

Power Failure

In case of a power outage, 1359 Broadway is equipped with emergency lighting throughout the building and in the stairways.

If any Tenant should experience a loss of electrical power, they should notify the Management Office immediately. Emergency personnel will be dispatched immediately to determine if the power loss is localized or building wide. If the problem is localized, personnel will check circuitry for corrective action.

Severe Weather

In the event of severe weather, including high winds, the following will be performed:

- All Tenants will be notified
- Building personnel will secure all equipment and material on the roof, building exterior and sidewalk, which could move and cause damage to the building occupants and the public.
- Depending upon the severity of the storm, it may require a shutdown to some or all HVAC equipment for safety. Tenants will be notified accordingly.
- All glass swing doors in the Lobbies will be locked.
- Tenants will be requested to close their blinds or shades to limit their exposure to glass breakage, should it occur. Where possible, Tenants should temporarily relocate their workstations away from the windows.
- If any window should break, Tenants should close off area involved and notify the Management Office immediately.
- Tenants will be kept informed of weather status.

Toxic Hazards

If there is a toxic spill or exposure, immediately get to an area where you are not exposed and call 911. Give building address, floor and phone number, and also what type of spill. Take action to contain the

hazard; close doors behind you, and always follow all safety procedures when working with toxic materials. Tenants should refer to the EAP Educational Guide for additional information.

Security: Overview

Security at 1359 Broadway is of the utmost importance. In order to provide a safe working environment, security will be maintained twenty-four hours a day, seven days a week, throughout the year. The security coverage will include all building holidays as well.

The Concierge will constantly monitor all people entering 1359 Broadway from 7:00 a.m. to 8:00 p.m., Monday through Friday; and will render assistance to Tenants and their guests in a courteous and prompt manner. If there are any complaints regarding the activities of the Concierge or Security Guard, please inform Building Management immediately.

A porter/ security guard will take over the building lobby desk at 8:00 p.m. each business day and will remain on guard in the lobby, changing shifts at midnight, until 7:00 am on the next business day. The front doors on Broadway will be locked after 7:00 p.m. and the Freight entrance will be locked at 5:45 p.m. The 36th Street doors are locked at all times (24 hours/ day) - egress only.

Cameras are installed in each of the elevators and will be screened at the Lobby Desk. This will generally enhance the security in the elevators and also prevent situations where more than one person is in an elevator simultaneously and such persons attempt to exit on inappropriate floors.

Anyone entering or leaving the property must sign in and provide picture I.D. If they have no picture I.D. then they will have to contact the company and the person in which they have an appointment with. That person will have to confirm that they are to be allowed up in the building and enter them into the Kastle Visitor Registration system.

Visitors - Non-Business Hours

Outside regular business hours, the front door, as mentioned above, will be locked.

If the visitor is expected, the Tenant being visited are to enter the visitor into the Kastle Visitor registration system. The visitor will then proceed to the Lobby Desk where they will sign in.

Security: Building Access

Security Cards

Each employee is required to use a security card or the Kastle Presence App to gain access to the building at all times. Requests for security cards should be submitted via the [online work order system](#).

Each individual is also required to make an appointment with the Building Management Office to have their photo taken, at 212-244-3125. Photos are visible by the Building/Security personnel at the Security /Concierge Desk upon accessing the reader panel when entering the building.

To ensure your security as well as that of other Tenants, we ask that security access cards be returned to the Building Management Office for individuals no longer in your employ and that you contact Kastle Systems at 212-824-3800/ 3815 in order for these individuals be deleted from the system.

[ID Badge Procurement Instructions](#)

Kastle Presence App

The KastlePresence App can be downloaded to your smartphone to gain access to the building by simply scanning your phone to the lobby card access card reader. Please see [KastlePresence Instructions](#).

Visitor Registration

Our Contactless Registration with Kastle Visitor feature allows you to send a QR code to your visitors phone which can be used to gain access to the building by having your guest scan their phone at the lobby card reader. Please see [Kastle Visitor Registration instructions](#).

Security: General Office Security

It is our goal to make 1359 Broadway a safe and secure building.

Safety and security requires your cooperation. We ask that you work within your firm to create security awareness among the staff and your visitors and to communicate the concept that “an ounce of prevention” is in everyone’s best interest.

At all times and in all situations, Tenants should immediately complete the [Incident Checklist](#) provided in this handbook and advise the Building Management Office at 212-244-3125 and/or Lobby Security at 212-947-4894 of any security incident or emergency situation within your offices or within the building.

Security: Key and Lock Policy

Requests for duplicate keys must be submitted via the online work order system at <http://1359broadwayny.workspeed.com>. For reasons of security, all duplicate keys must be made within the building. Please note that NO outside locksmith is allowed to do lock work in the building. There is a fee for key duplication.

Security: Lobby Doors

Please use the revolving doors in the lobby whenever possible, as opposed to the swing doors. This allows us to keep the lobby air warm during the winter months, and cool in the summer.

Security: Lost and Found

Please contact the Building Management Office at 212-244-3125 regarding items that have been lost or found in the Building.

Security: Reception Area

The key to reducing most, if not all, security problems in a Tenant's office space, is the receptionist in the reception area. He/ She is one of the most valuable employees in any firm. A receptionist can make it difficult, if not impossible, for an unwelcome visitor to enter their firm's office space. This is accomplished in the following ways:

All Visitors Should be Requested To:

1. State their Name
2. State their Business
3. Show Identification (upon request)
4. State who they wish to see
5. Wait and be Seated

The receptionist should then call the person concerned and have them meet the visitor in the reception area and escort him or her to their office. Upon completion of business conducted, the visitor should be escorted back to the reception area and shown to the door. If the guidelines are followed, there should be no unwelcome visitors roaming around your office space.

It is every Tenant's responsibility to request a source of identification from a repairman, telephone employee, computer worker, etc. This should be obtained before an individual is allowed access into your office space. He/she should be escorted to the work area and escorted back to the reception area when he /she finishes work. Any unknown person observed in an inside office area should be challenged at all times. Wallets and valuables should be locked in a desk or drawer in the office and kept out of view from anyone passing by.

SECURITY IN A TENANT'S OFFICE DURING BUSINESS HOURS IS THE RESPONSIBILITY OF THAT TENANT.

- Never leave your reception area unattended. Do not allow visitors or couriers to pass beyond the reception area unless the receptionist who is aware of the nature of their business knows them.
- Beware of repairman attempting to pick up a machine for repair. Question the person, obtain identification and check with his office for verification.
- Never leave purses, wallets, or other valuable items on or under your desk. Keep these items out of sight.
- Do not keep cash or stamps in an unlocked drawer. Valuables should be kept in a safe, if available.
- Do not carry large sums of money. Do not leave your wallet in a jacket hung over your chair or behind your door.
- Never allow visitor traffic in storage areas. Do not make storage rooms easily accessible from the main business area.
- Be alert to persons who enter an office under the pretext of seeking employment. Keep applicants in your sight at all times. Distribute applications while you phone your firm's personnel manager.
- Immediately report all suspicious persons, peddlers, or others purporting to be canvassing to the Building Management Office or the Security Desk. Do not attempt to apprehend or detain these persons.
- Do not allow a person unknown to you to follow you into the building when entry is required by an access card.
- Inspect locking hardware on your office suite doors. Notify the Building Management Office if repair or replacement is necessary.
- Do not keep valuable or moveable belongings near doors. Record the serial numbers of all office equipment.
- Contact the Building Management Office if security system access cards or office keys cannot be accounted for or are missing.
- Report all lost security cards to the Building Management Office immediately so that they cannot be used by unauthorized persons.
- Always lock your door from inside when working late or early.
- Be certain that your employees who require after-hours access to the building are given access cards.
- Alert Kastle Systems immediately following any employee termination so that the security card issued to the former employee can be immediately voided in order to restrict access to the building.

Security: Security Procedures

1. **Building Identification Cards:** The purpose of this card is for identification of the Tenant to gain entrance into the building at all times. Requests for I.D. cards must be submitted via the on-line work order system and must include a valid email address. Each employee must also have their photo taken at the Building Management Office at 1350 Broadway, Mezzanine,, once an I.D. card has been assigned/ issued.
2. **Visitor Pass:** All visitors must be entered into the Kastle Visitor Registration System by the Tenant and must stop at the Security/ Concierge Desk, produce valid photo identification, and then be issued a visitors pass.
3. **Messengers & Food Vendors:** Messengers, food vendors, or deliveries of any kind must enter through the building's freight entrance on 36th Street from Monday through Friday 8:00 am to 5:45 pm. When the freight area is closed, no deliveries will be permitted beyond the Security/ Concierge Desk (Monday through Friday after 6:00 pm, and all day Saturdays, Sundays, and Holidays). All delivery people will be stopped at the Security/ Concierge Desk and the Tenant is to be notified of his/her delivery by the carrier. They will be personally responsible to come down to the lobby to sign and retrieve it.
4. Any unknown person observed within your office should be questioned and identified. Request the nature of his/her business and whom they are there to see. **WHEN IN DOUBT, NOTIFY THE BUILDING MANAGEMENT OFFICE AT 212-244-3125.** Whenever reporting a breach of security, try to be as specific as possible. Describe clothing, features, location, possible destination, etc., as well as providing your name and suite number.
5. Loitering and soliciting is prohibited in the building. Whenever loiterers are observed in the building, call the lobby and give a description to Security: sex, color, age, height, weight, and clothing. Telephone workers must provide I.D. before you allow them to work in your office space. Messengers, etc., should provide I.D. whenever picking up or delivering packages.
6. Special care should be taken during the times best suited for pilferage: the beginning of the day, during lunch hours and 30 minutes before the closing day, and when there is a maximum of movement by personnel and absence from work area and offices.

Security: Your Role in Security

Many thefts and crimes against people occur during regular business hours and are usually perpetrated under the pretext of legitimate business. Offenses committed during after-hour periods often indicate laxity in control of passkeys, security cards, and alarm systems.

Investigations reveal that a large number of crimes would not have been committed had office personnel been alert to strangers or had they taken a few simple precautions.

Remember that security depends on the cooperation and concern of each individual. Protect yourself and your assets.

Services: The On-Line Work Order System

Except in the case of an emergency, the easiest and fastest way to request services from building management is to submit a Work Order Request through our [online work order system](http://1359broadwayny.workspeed.com). To use the system, visit <http://1359broadwayny.workspeed.com>, here you can log in with your user name and password and submit all requests.

To register for a user name and password, please contact the Building Management Office at 1350BMO@esrtreit.com.

We have implemented a convenient and accessible service request system. Workspeed is a user-friendly, Web-based system that you can access directly from your computer's Internet browser. This system will streamline the Tenant service request process, and accelerate response times. You can create or look-up any request related to building maintenance; such as, lighting, comfort issues, rubbish removal, freight elevator scheduling, etc.

[Click here to download a Workspeed User Guide](#)

The goal of Workspeed is to develop an optimal Tenant service environment for you, and to maximize efficiency within the building.

Some of the important benefits of the Workspeed application are:

- Quick and easy processing and tracking of your service requests
- Faster response times to your maintenance needs
- The ability to view your entire history of service requests online and in report format
- The ability to receive building memos and notices via the Internet

To obtain access to the Workspeed system, submit a copy of the Authorized Workspeed User form to the Building Management Office. Once the request has been entered into the work order program, you will be sent a temporary username and password to access the system. You may contact the Building Office to schedule training on how to use Workspeed.

Please be advised of the following:

- Only emergency requests will be taken over the telephone. Requests should be entered as soon as a user is able to after emergency in order to log and track the situation.
- Back up documentation for Tenant charges will be accessible via the Internet by viewing your request history
- Freight elevator scheduling and hatch openings for the freight car must be made by the Tenant. Contractors are not able to make the freight elevator requests on behalf of the Tenant.

1359 Broadway Building Management Office Staff is available to assist you with maintenance of your office, such as painting, carpeting, hanging pictures, moving furniture or file cabinets, minor repairs, etc. If you require any such services, please submit your request via the on-line work order system. Please note fees may apply.

Services: Opening Tenant Doors

Building policy prohibits any building staff member from opening doors to any Tenant space for employees who may not have their keys or access cards. This policy is in place for security reasons, so that we do not allow anyone into your premises who is not authorized to be there.

If there are any exceptions to this policy that must be considered, please contact the Building Management Office.

Services: Recycling

[Please click here to view the 1359 Broadway Recycling Reference Guide](#)

Recycling is now required by NYC Law. This law requires the recycling of white waste paper as well as newspapers, magazines, catalogs, phone books and corrugated cardboard for office space and glass, metal, plastic containers and corrugated cardboard for food and beverage establishments. Toner cartridges, if not returned to your vendor, should be separated from the regular trash. You may call your vendor to have them picked up. All corrugated cardboard should be flattened and left by the freight elevator for collection by the cleaning staff.

To help maintain our recycling program at 1359 Broadway, we have engaged the services of Great Forest Inc. On a regular basis, a Great Forest representative will visit with different Tenants to assist as needed and educate employees on correct recycling procedures. In addition, Great Forest will work with the building cleaners to ensure their participation in recycling efforts.

A representative from Great Forest will contact facilities managers in advance of their brief visit. Please afford them your time and attention. Should you have any questions in the meantime, feel free to call Great Forest at 212-779-4757.
